

Privada Villa Lot Design Guidelines

(Lots 137 thru 168)

Updated January 1, 2022

*****ENSURE ALL OF THESE ITEMS ARE NOTED ON SUBMITTED PLANS TO AVOID DELAYS IN THE APPROVAL PROCESS*****

1. Minimum Finished Square Footage (Main Floor)

- a. Ranch: 1,300 sf
- b. 1.5 story: 1,300 sf

2. Setbacks:

- a. Front: 25 feet
- b. Rear: 25 feet
- c. Side: 5 feet
- d. Street Side: 15 feet

3. Sidewalks:

- a. Five (5) feet wide offset 6.5 feet from back of curb.

4. Driveways:

- a. Concrete only. No asphalt.
- b. Driveways are restricted to 22' width at curb including flairs.

5. Architectural Elements / Building Materials:

- a. All homes must meet a specific Architectural style and definition and styles and materials must be approved by the Architectural Review Committee. Encouraged and discouraged styles are shown in Appendix "A" Graphical Support for Design Guidelines. **Product specs and photos of materials need to be submitted.**
- b. Primary Materials:
 - i. Brick
 - ii. Natural and cultured stones
 - iii. Stucco (Does not include stucco board.)
 - iv. Windows/ glass
- c. Secondary Materials:
 - i. Horizontal lap siding such as James Hardie or LP
 - ii. Board and batten siding
- d. All front facades must contain at least 45% primary materials with the balance in secondary materials.
- e. All foundations facing public or private streets must be covered with primary materials.
- f. Sides and rear facades may contain a combination of primary and secondary materials.
- g. Vinyl siding or vertical sheet siding is not allowed.
- h. All reviews will be completed with a focus on the spirit of the overall requirements. Designs which meet only minimums on a whole may be denied.

6. Shingles:

- a. Heritage II or as approved by Architectural Review Committee based upon approved Architectural style.
- b. Color: weathered wood color, black, or as approved by the Architectural Review Committee based upon approved Architectural style.

7. Exterior Color:

- a. All base and accent colors must be per the approved color palettes as per Appendix "A" Graphical Support for Design Guidelines, or as approved by Architectural Review Committee based on approved Architectural style of the home. This applies to initial painting of home as well as any subsequent repainting of the home.

8. Garage: 2 stall minimum

9. Fencing:

- a. Fencing along the side lot lines is prohibited, other than developer installed perimeter fencing.
- b. Pool fencing and dog run fencing may be allowed with Approval of the Architectural Review Committee, with the maintenance of the areas within the fencing becoming the responsibility of the Lot Owner. All fencing must be black wrought iron or aluminum as per Appending "A" Graphical Support for Custom Lot Design Guidelines.

Privada Villa Lot Design Guidelines

(Lots 137 thru 168)

Updated January 1, 2022

10. Exterior Trash Enclosures:

- a. All trash receptacles must be stored within the garage.

11. Guest Houses / Outbuildings:

- a. No guest houses or outbuildings are allowed.
- b. No sheds are permitted.
- c. No dog runs are permitted.

12. Landscaping:

- a. All yard areas shall be sodded and irrigated. No seeding.
- b. All trees must be a minimum of 3" caliper.
- c. All original grading must be honored or otherwise approved.
- d. All features such as pools, decks, sport courts, patios etc. must be approved through landscape plan process.

13. Street Trees: See attached Exhibit "B" Street Tree Placement Exhibit.

14. SWPPP / Erosion Control:

- a. A \$1,500 SWPPP / Erosion control deposit will be collected from Applicant by the Declarant prior to issuance of signed lot certificate and placed in escrow.
- b. Applicant will be notified by Declarant or Declarant's representative of any SWPPP / Erosion Control violations including, but not limited to, mud in streets from home construction, missing or damaged silt fences, excessive overfilled dumpsters, damage to abutting lots, etc. Applicant will have 5 days to make repairs upon notification, and if not completed, Declarant will make repairs and be reimbursed for any repair costs from the escrow deposit plus a \$100 administrative fee per occurrence.
- c. Remaining SWPPP / Erosion Control deposit will be returned to Applicant within 30 days of successful closing and declarant approval of site conditions.

DESIGN REVIEW PROCESS

The design review process for Privada Villa Lots including the required steps and submittal materials are listed below:

Builder Stage Construction Review

- 1) Prior to receiving a signed certified surveyor's certificate for initial home construction, the Applicant must submit:
 - a) One (1) set of home construction plans including all elevations, materials, roofing plans, and floor plans.
 - b) Plot Plan that includes required street trees, sidewalk locations and dimensions, and driveway location with width labeled at street.
- 2) No later than 30 days prior to occupancy of the home, the Applicant must submit:
 - a) Final exterior color selections for paint, primary materials, and shingles.
 - b) One (1) landscape plan containing locations of trees, shrubs, ground cover, and other plantings.
 - c) **Schedule final site and landscape site walk**
- 3) Applicant shall submit any fence plans or hardscape improvements such as pools, seat walls, patios, pavers, etc. with initial home construction no later than 30 days prior to commencement of these improvements.
- 4) Submit to: Privada Residential Owners Association via website link:
<http://www.privadacenter.com/documentation/>
- 5) Signed lot certificate will be delivered along with Design Review Approval by the Architectural Review Committee.

Resident Stage Submittal Information

1. Prior to installation of any exterior improvements including, but not limited to, fences, pools, outdoor living spaces, sports courts, etc., the Applicant must submit:
 - a. One (1) set of design plans depicting materials, specifications, colors, and any other pertinent information for review.
 - b. Site plan showing locations and dimension of existing and proposed improvements.
2. Submit to: Privada Residential Owners Association via website link:
<http://www.privadacenter.com/documentation/>
3. Review fee of \$25 per review* made payable to Restless Drive Development.

* In the event the Architectural Review Committee deems it necessary to retain outside consultants e.g. architect, engineer, to participate in review of plans, the reasonable fees of such consultants shall be the responsibility of the Applicant

Approvals/Disapprovals

The Architectural Review Committee shall review plan submittals in light of the conditions and restrictions in the Declaration, the Design Guidelines, and in relation to the type and exterior of improvements which have been constructed, or approved for construction, on the Lots. In this regard, Declarant intends that the Lots shall be developed as a residential community with homes constructed of high quality materials. The decision to approve or refuse approval of a proposed Improvement shall be exercised by Architectural Review Committee in a reasonable manner to promote conformity and harmony of the external design of the improvements constructed

within Privada subdivision and to protect the value, character and residential quality of all Lots in a manner consistent with the Declaration. By way of illustration, and not of limitation, it is intended that the architecture of the residential structures constructed shall be consistent with the quality of architecture and construction found in The Prairies (Saltgrass area) subdivision in Douglas County, Nebraska. Atypical improvements and home designs, such

(Lots 137 thru 168)

Updated January 1, 2022

as dome houses, A-frame houses and log cabins, will not be approved unless the Architectural Review Committee determines that construction of these improvements will not be materially inconsistent with the scheme of development contemplated by the Declaration.

If the Architectural Review Committee determines that the external design and location of the proposed Improvement does not conform with: 1) the standards or requirements of the Declaration, 2) the Design Guidelines, 3) the surrounding improvements and topography, or 4) will not protect and enhance the integrity and character of all the Lots and neighboring Lots, if any, as a quality residential community, the Architectural Review Committee may refuse approval of the proposed Improvement. Any approval or disapproval of a requested action by the Architectural Review Committee shall be in writing. In denying any application, the Architectural Review Committee shall specify the reasons for such denial.

Failure of the Architectural Review Committee to Act

If the Architectural Review Committee shall fail to act upon any request submitted to it within thirty (30) days after a complete submission thereof in a form acceptable to the Architectural Review Committee, such request shall be deemed to have been approved as submitted for the applicable step of the design review process. Submission of incomplete plans shall not be considered valid submissions triggering the deadlines stated above and shall not be recognized by the Architectural Review Committee. Additionally, if any additional information is requested by the Architectural Review Committee, the approval time may be extended so as to allow for additional information and documentation to be presented to the Architectural Review Committee.

Review Meetings

The Architectural Review Committee may adopt rules of procedure, subject to review and approval of the Board of Directors of the Association. The rules of procedure shall include provisions substantially to the following effect:

(a) The Architectural Review Committee shall hold regular meetings as reasonably necessary. Meetings of the Architectural Review Committee may be called by any one of the members of the Architectural Review Committee;

(b) A majority of the members of the Architectural Review Committee present at any meeting shall constitute a quorum;

(c) The Architectural Review Committee shall maintain minutes of its meetings and a record of the votes taken thereat; and

(d) A copy of all minutes, rules, regulations, and policy statements of the Architectural Review Committee shall be filed with the records of the Association and shall be maintained by the Association. Except for copyrighted plans, documents, drawings, renderings, photographs and any other materials owned by a builder, architect, or the like, the Association shall, subject to reimbursement for expenses and administrative overhead, make copies thereof available to the Members of the Association or shall make such minutes, rules, regulations, and policy statements available to any Member for copying; provided, however, unless otherwise required by law, the Association may dispose of any and all records that are no longer deemed reasonably necessary to be kept or maintained in the sole discretion of the Board of Directors of the Association.

EHXIBIT "A" GRAPHICAL SUPPORT FOR DESIGN GUIDELINES VILLA LOTS

[Homeowners](#) → [Color](#)

Neutral Paint Colors

Neutral paint colors have become very popular over the past several years for their versatility and ability to pair with many other colors and materials. Gray paint color can be cool or warm. Cool grays tend to work well with modern interiors contrasted with pure white. Warm grays are more inviting and pair well with wood finishes and natural stone. Dark gray is dramatic and light gray soothing. Gray paint colors are perfect for any room including nurseries as it pairs so well with yellow, mint, pink and blue.
